

LIFE SCIENCE

Temperature Mapping and Monitoring

OUR SERVICES:

NATIONWIDE TEMPERATURE MAPPING

From warehouse chambers to mobile fleets, our world-class temperature mapping services are trusted by top names in life sciences and logistics, and we bring them directly to you.

REAL TIME TEMPERATURE MONITORING

Track every degree in real time. Ensure product integrity across every mile, every route with continuous, wireless data capture.

INSTANT VISUAL REPORTING

Get 3D temperature mapping visualizations and audit-ready reports within hours, not weeks. Giving your team immediate clarity and total control.

TOP OF THE LINE ALARM SYSTEM

Stay ahead of WHO, FDA, and ISO standards. Be notified of every incident, shift, or anomaly in your inventory with our customizable and versatile alarm network.

Fast. Compliant. Ready to Qualify.

Warehouse Mapping & Monitoring — Reinvented.

Forget the month-long wait. InstruVU delivers on-site wireless temperature mapping with reports generated in hours — so you can qualify your warehouse fast, without shipping back USB loggers or risking costly deviations.

Why InstruVU?

- On-Site Wireless Mapping: No mailing, no waiting.
- Instant Reporting: GxP-compliant documentation within hours.
- 21 CFR Part 11 & WHO Standards: Always audit-ready.
- Avoid Double Mapping: Know immediately if you pass or fail.
- Expert Technicians: We come to you — nationwide.

 Bonus Value: Our A2LA-accredited calibration lab and full suite of validation services are always behind you.

Automated Lab Monitoring?

Let's talk about how we make it feel that way.
